

C program to convert Fahrenheit to Celsius Degree

classmate

Date _____

Page _____

```
#include <stdio.h>
```

```
int main()
```

```
{
```

```
float Fahrenheit, Celsius;
```

```
printf("Enter a temperature in Fahrenheit: ");
```

```
scanf("%f", &Fahrenheit);
```

```
Celsius = (Fahrenheit - 32) * 5 / 9;
```

```
printf("Temperature in Celsius = %f", Celsius);
```

```
return 0;
```

```
}
```
